COMMERCIAL INTELLIGENCE

THURSDAY EVENING, FEB. 5.

THERE is no improvement apparent yet in the position of trade either present or prospective. In our leading steple, Cotton, the dullness amounts to stagnation, the receipts and shipments since 1st January, showing a deficiency of 70,000 bales as compared with the same period last year, whilst there is no compensating activity in other articles. Wheat is arriving pretty freely for the time of year, and is being exported to a fair extent, but it is entirely under previous contracts, the present demand from Europe being dull to a degree. Imports are quiet all round with supplies generally in excess of immediate requirements. Money is easy, but Government Paper and Shares are dull and entirely devoid of speculation. Sterling Exchange during the week has recovered the previous decline. Freights are very quiet. A few steamers have been fixed since the departure of last mail for this month's loading at 27s. 6d. United Kingdom or Continent, but for distant shipment shippers do not care to commit themselves above 25s. per ton, a rate which owners on the other hand do not care to accept.

MONEY.—The advance of 1 per cent. in the Bank of Bombay's rates of discount last week, has had the effect of checking the trade demand for money, the last return showing a diminution of 10 lacs under that head. As compared with the same time last year the position of the bank is as follows :—

	1885.	1884.
Cash Balance	152 lakhs.	101 lakhs.
Government Deposits	44 ,,	65 ,,
Other Deposits	224 ,,	168 ,,
Loans	30 ,,	69 ,,
Bills Discounted	131 ,,	134 ,,

The official rates of discount remain unchanged at 5 per cent. on Government Bills, 6 per cent. on private paper, but outside money on short loan is not worth more than 4 per cent. and rather lenders than borrowers at that.

EXCHANGE.—After the decline of the previous week the tone of the market became firmer last mail day with a recovery of 1-32d, and on Saturday the upward tendency was still maintained with a further like advance, so that for this steamer it opened on the basis of 1s. 7 1-16d. for demand Bank Bills, and 1s. 7⅞d. for 3 months' Credits. On Monday with an advance of 1-16d. per oz. in the London quotation for Silver, the banks advanced their drawing rates 1s. 16d., and on Tuesday morning a further rise of 1s. 32d. was quoted all round, but was lost again before the close. This morning brought advice of the result of the weekly biddings for Council drafts, viz., Rs. 22,60,000 in bills for which 1s. 7 1-32d. received 35 per cent., and 14 lakhs of telegraphic transfer for which 1s. 7 3-32d. received 25 per cent. These figures being slightly less favorable than had been anticipated, 1-32d. less in fact than had been obtained for private allotments during the week, the market opened this morning with a decidedly easier feeling and there were buyers of 3 months' Credits at 1s. 7 11-32d. Higher quotations from Calcutta induced a somewhat firmer tone later in the day and private paper is again quoted at 1s. 7⅞d., but in the existing scarcity of bills a decent line could probably be done still at the previous figure. Closing quotations are :—

Bank Bills on demand	1s. 7 1d.	per rupee.
Do. Telegraphic	1s. 7 1-16d.	,,
Do. Three months' sight	1s. 7 3-16d.	,,
Credits, do.	do. 1s. 7⅞d.	,,
France, do.	do. 204 ½	,,

On this basis the market to-day is by no means strong, in fact private paper could be placed for delivery a month a head at the nominal rate for ready, but there is comparatively speaking nothing offering. This, or in other words the limited character of our export trade, is the key to the absence of all strength in Exchange, and it is useless looking for any material rise in the value of the rupee until shipments of produce expand considerably. Even then prospects are not in favor of a permanent improvement, indeed with Silver and Council drafts in keen competition as a medium of outward remittance, the average tendency of exchange must be downwards ; and while last season demand Bank Bills ranged between 1s. 7⅞d. and 1s. 8d. the probabilities are that the fluctuations this season will be between 1s. 7 and 1s. 7⅞d. per rupee.

Further shipments of Bar Silver for this port to the extent of £1,80,000, are advised in Reuter's telegram to hand this morning. These no doubt represent previous purchases, but there is no scarcity of the metal at the present quotation of 49½d. per oz. which lays down a shade over 1s. 7d. per rupee.

GOVERNMENT PAPER.—A very week tendency was apparent in the early part of the week and rates gradually receded for Fours from Rs. 98 to Rs. 97 11-16, sales for delivery on 1st March being made down to Rs. 97½. Since Tuesday, however, with better quotations from London, the price has recovered to Rs. 97 13-16 at which we close this week with rather a steady tone. Fours-and-a-half we have not heard of any business of importance, but the rate has declined 1 per cent. on the week from Rs. 100½ to Rs. 99½ at the close.

SHARES.—The market for *Spinning and Weaving Mill* shares this week has fluctuated slightly, but the tone mainly has been weak and with two or three exceptions our quotations exhibit a further general fall of Rs. 10 to Rs. 20 per share. Cotton has cheapened a little in the interval no doubt, still with the raw material costing from Rs. 185 to Rs. 195 per candy, Yarn at its present value of As. 5¼ to As. 6¼ per lb. shows no margin of profit, but rather the reverse. *Press* Companies as a general rule are steady and we note an advance of Rs. 10 in Berar, Rs. 30 in Fort, Rs. 15 in Prince of Wales' and Rs. 2½ in New Indian. Mofussils are Rs. 2½ lower on the week. *Banks* are practically unaltered Bank of Bombay being quoted at Rs. 752½ ex-dividend, Nationals at Rs. 99, Agras Rs. 118. Amongst *Miscellaneous* Companies there has not been much movement. Bombay-Burmah after recovering to Rs. 4,250 close at Rs. 4,225 for old shares. Telephones have improved to Rs. 103, Bombay Saw Mills to Rs. 425. In Bombay Flour Mills business has been done between Rs. 585 and Rs. 590 per share. Cash Bazaar are back to Rs. 70.

IMPORTS.

PIECE-GOODS.—Extreme quietness with an indisposition to enter on new business is still the prevailing character of the market as between dealers and importing firms, but from the bazaar there has been, if anything, a shade more doing of late, the clearances being estimated at about 3,500 packages. This, however, as a general thing must be called unchanged, as with the exception of a few special qualities, supplies of goods are large, ahead indeed of the current demand. This dealers from sending new orders at all freely in the meantime, but if this line of policy is consistently adhered to for a time we may look for a relatively better state of things later on, as crop prospects on the average are pretty good, giving promise of a good demand for consumption ultimately.

TWIST.—We have still to report a dull market for English Yarns, for which prices are barely supported. In Coloured Yarns, in fact, business has been done at a reduction of ½ anna per lb. from former prices. In local Yarns there has been rather more business doing on the strength of larger sales in China reported by wire, but quotations are the same.

METALS.—*Copper* is dull of sale, and prices have receded As. 4 to As. 8 per cwt. for Braziers, which we now quote at Rs. 37 to Rs. 37-4 per cwt. *Yellow Metal* is also dull but not actually lower. *Iron* is As. 8 per candy lower in Bars and weaker all round. *Lead* has declined As. 4. *Spelter* As. 8 per cwt. on the week.

COALS.—The business done during the week has been limited, but rates are practically unaltered. For Coals on the way we quote Rs. 16 alongside both for Davison's West Hartley and Cardiff, but February-March shipment we call Rs. 15-6 and Rs. 15-4 per ton respectively.

EXPORTS.

COTTON.—With continued light receipts from up-country and dull telegraphic advices from Liverpool and the Continent the past week has shown an amount of dulness and depression, most unusual at this time of year. Prices have given way Re. 1 to Rs. 2 per candy in Broach, Omra and Dhollera, and Rs. 3 to Rs. 5 in Bengals, but they are still a long way above a level which would lead to anything approaching free buying at home, and we question whether the purchases for export this week in the local market have been over 5,000 bales, and even of these we should say the bulk have been against previous sales. In an ordinary way this state of things could not last long without bringing out forward sellers at much reduced prices, but this season is in every way contradictory. People talk of the crop turning out better than present appearances indicate, and some even profess a belief that shipments for the six months will ultimately exceed last year's total, but there is not the least inclination to back this opinion by selling, and we question whether we have ever had a season of late year when Bombay forward risks were confined within so small a compass. Greater activity of course must come when a larger weight of Cotton presses on the market during March, April and May, but whether business then will be based on a lower or a higher range of values is a point that will be settled more by the ultimate out-turn of the American crop than by any movement initiated in this market which seems to have settled down to a state of permanent stagnation.

The *receipts* it will be seen are within a few bales of the previous week, but from this time forward the figures must increase as Omra supplies are beginning to come in more freely. We question however, whether we shall get near the same scale as last season until well on in April, the Broach and Dhollera crops being both late.

The movements of Cotton to date show the following comparisons with the two previous year :—

Receipts.	1885.	1884.	1883.
For the week	20,321	22,122	41,430
Since 1st January	1,10,487	1,81,238	1,84,684
Clearances to Great Britain and Continent.			
For the week	17,029	26,356	37,079
Since 1st January	58,027	1,28,316	1,19,194
Clearances to Calcutta, China, &c.			
For the week	972	3,369	...
Since 1st January	4,297	10,753	6,260

The following are to-day's quotations for Cotton (full-pressed) with the equivalents in Sterling, Cost and Freight to Liverpool via Canal, without Commission :—

New—		Per Candy.	per lb. d. s.f.
Bengal Fine	Ready	Rs. 182	4d.
Do. Fully Good	do.	,, 172	4d.

Do. Fully Good,	do.	,, 203	5d.
Do. Good	do.	,, 197	4¾d.

WHEAT.—Although receipts from the districts show a decline of about 30 per cent. as compared with the preceding week, the tenor of home advices has been so dull that prices have declined As. 4 to As. 8 per cwt., to-day's quotations being for :—No. 1 White Pessy Rs. 23 to Rs. 23-8, Jubbalpore Rs. 21½ to Rs. 22, Laskari Rs. 18 to Rs. 19, Khatha Rs. 17½ to Rs. 18½ per candy. For New Crop the nominal quotation is Rs. 25 per candy for No. 1 Pessy, but with every prospect of a large crop there are no buyers at the rate.

SEEDS.—*Linseed* is dull with very little doing, supplies on the spot being small. We quote Old ready Rs. 5-15 to Rs. 6, New for April-May Rs. 5-10-6 per cwt. In *Rapeseed* ready there is no business passing, and New Yellow Guzerat at Rs. 6-8½ to Rs. 6-9 per cwt. is nominal. In *Gingelly* there is a fair business passing from day to day at Rs. 37 to Rs. 37-8 per candy, according to quality.

The comparative imports of Wheat and Seeds are as follows :—

DEFECTIVE OR FAILING SIGHT.

THE sense of sight is so valuable that the importance of perfect and carefully adjusted spectacles can scarcely be overrated ; although the wearing of single eye-glasses should be strictly avoided, we have the highest medical authority, confirmed by daily experience, that imperfect glasses, together with the haphazard plan of selection generally employed, are frequent causes of irremediable injury to the sight ; and as no pecuniary economy can compensate for such a loss, it behoves all to be cautious how they are tempted to use the common pebble or glass spectacles now so generally sold.

For the guidance of those who are using pebble spectacles, it may be stated that when the pebbles are cut *against* the grain, and not polished on the principle which has been universally declared the most appropriate based on scientific research, they are injurious to the sight.

Unadvisable as the unnecessary wearing of spectacles undoubtedly is, the common notion that their use should be postponed to the utmost is proved beyond dispute to be a grave mistake.

Being in possession of all the optical instruments taken over by us from Dr. A. Menist, we are not only in a position to suit the eye sight to perfection, but to supply different accommodations for each eye which so frequently are needed.

The Bombay Gazette

FRIDAY, FEBRUARY 6, 1885.

THE news of the fall of Khartoum will come like a thunderbolt upon the public who were informed, not a week ago, by Gordon himself that Khartoum could hold out for years. The capture of the city at the eleventh hour by the forces of the Mahdi, at the very moment when the advanced guard of General Buller's Brigade was almost within sight of its walls, is in itself a great disaster. There is an end to the large Egyptian garrison as a fighting force, and General Gordon is either dead or a prisoner. The sombre change in the whole situation which results from this military fact leaps to the eyes in a moment in the meagre telegram with which the Indian press has been favoured some days after it occurred. The position of Lord Wolseley's advancing force, split up into small sections by the exigencies of

TELEGRAMS.

[REUTER'S TELEGRAMS.]

CAPTURE OF KHARTOUM BY THE MAHDI.

GENERAL GORDON PROBABLY A PRISONER.

NARROW ESCAPE OF GENERAL WILSON.

CAIRO, FEB. 5, 10 A. M.

Lord Wolseley telegraphs that Khartoum has been captured by the Mahdi through treachery, and that General Gordon has probably been taken prisoner.

LATER.

Further telegrams received from Lord Wolseley state that Khartoum fell on the 26th January.

Sir Charles Wilson arrived there on the 28th, but finding the town in the hands of the enemy he at once returned, the steamers being assailed by a heavy fire from the rebels on the banks of the river.

On arriving some miles below the Shabluka cataract, both steamers were wrecked. All on board, however, were saved and were landed on an island in the middle of the river, where they still remain in safety. A steamer has been despatched to bring them to Gubat.

The wound of General Stewart is reported to be doing well, and he and the rest of the wounded are being brought back to Gakdul.

The fate of General Gordon is stated in the telegrams to be uncertain.

THE LATE SORTIE FROM SUAKIM.

CAIRO, FEB. 4.

General Fremantle has sent a telegram stating that the officer commanding the recent sortie from Suakim to Handoub exceeded his instructions.

RUMOURED AGREEMENT BETWEEN ENGLAND AND ITALY.

LONDON, FEB. 5.

It is stated that an agreement has been concluded between England and Italy, in which Italy agrees to help England to establish a Government in the Soudan and to occupy Massowah and perhaps Suakim.

THE DYNAMITE CONSPIRATORS.

LONDON, FEB. 5.

Gilbert, the dynamitard, whose real name turns out to be Cunninghan, was again brought up for examination at Bow-street yesterday, when he was identified as the man who had caused the explosion on the Metropolitan Railway near King's Cross on the 2nd of January last.

THE ATTEMPTED ASSASSINATION OF O'DONOVAN ROSSA.

NEW YORK, FEB. 4.

The partizans of O'Donovan Rossa stigmatise the woman Dudley as a British emissary, and state that her attack upon Rossa was the result of a conspiracy.

THE COMMAND OF THE BRITISH FORCES AT HONGKONG.

LONDON, FEB. 5.

Major-General W. G. Cameron has been appointed to replace Major-General J. N. Sargent as Commander of the British forces at Hongkong.

THE NIZAM'S NEW DECORATION.

(FROM OUR OWN CORRESPONDENT.)

HYDERABAD, FEB. 5.

A large durbar was held this afternoon in the palace, on the occasion of the Nizam being invested with the insignia of the Grand Cross of the Star of India. The durbar hall was filled by about one hundred and seventy gentlemen and thirty ladies. There was a very fine show of uniforms, and the floor was covered with a splendid carpet of crimson and gold.

Soon after four o'clock the Nizam entered the hall and seated himself on the musnud. Almost immediately afterwards the Minister led in the Resident, the General Commanding the Contingent and suite following. After an interchange of salutations the Resident first read a paper explaining the object of the durbar, and then the proclamation of appointment was read. After this he addressed the Nizam in a short speech, in which he dwelt upon the sincere interest which the British Government feels in the well-being of His Highness personally and in the prosperity of the State. The insignia were then brought upon a salver by the Assistant Resident, and the investiture was completed.

After a short pause the Nizam addressed a few words of thanks. His Highness spoke without the slightest hesitation, and his attitude and demeanour throughout were full of dignity.

A salute of 21 guns was fired, being answered by the batteries at Bolarum and Secunderabad. The durbar then broke up, after the Minister had given *attar*-and-*pan* to the Resident and General, and the Peshkar and Nawab Mooneer-ool-Moolk had distributed it to the rest of the durbar.

The Nizam appeared to be in very good health and spirits. He had on a splendid necklace of enormous pearls and a head-dress of emeralds and diamonds.

This evening there is a grand dinner in honour of the ceremony.

ILLUSTRIOUS TRAVELLERS.

(FROM OUR OWN CORRESPONDENT.)

MADRAS, FEB. 5.

Don Carlos and the Duke and Duchess of Mecklenburg-Schwerin arrived in Madras yesterday evening by the steamer Tibre. They were met by two aides-de-camp, and dined with the Governor, returning to the vessel last night. The Tibre then proceeded to Pondicherry.

THE POONA NATIVE INSTITUTION.

(FROM A CORRESPONDENT).

POONA, FEB. 5.

His Excellency the Commander-in-Chief distributed prizes to the students of the Poona Native Institution this evening. He made a very good speech. Judge Fulton proposed, and Mr. Kunte seconded, a vote of thanks to His Excellency. All the leading European and native gentlemen and ladies of the station were present.

MRS. GRANT DUFF ON NATIVE FEMALE EDUCATION.

(FROM OUR OWN CORRESPONDENT.)

MADRAS, FEB. 5.

Mrs. Grant Duff presided this evening at the distribution of prizes to several hundred native girls attending the Maharajah of Vizianagram's schools. Mr. Grant Duff and the Maharajah of Vizianagram were present. Mrs. Grant Duff made a longer speech than usual, referring to the good effect of female education in Great Britain, and urging the natives to follow the European example in this respect. The Hindoos, she thought, had a bright future, and it was every one's duty to secure such a result. She would do all she could.

LUCKNOW RACES.

(FROM OUR OWN CORRESPONDENT.)

LUCKNOW, FEB. 5.

The card for to-day provided some splendid racing, though the interest was somewhat marred by the smallness of the fields in three events. The chief event of the day and the meeting was the race for the Civil Service Cup, which, as already announced, brought twelve starters to the post. Speculation on this the best race ever held in Upper India has been unprecedented. Fourteen lotteries of Rs. 2,000 each have been held, and yield a gross sum of about fifty thousand rupees. A very large attendance was present, including numerous fresh arrivals.

THE Bombay Corporation considered yesterday the letter addressed to the Chairman by the local Government on the question of relieving the Municipality from the police charge and transferring to them a burden of like value. The letter, which appeared in the *Bombay Gazette* about a fortnight ago, was in reply to a report forwarded some time back by the Corporation to the Government, and it asked the Corporation to reconsider the proposals made by them. Dr. Blaney, in moving that the letter be referred to a committee, said that he would rather go on paying the police expenditure than surrender to the Government such growing sources of revenue as the fees derived from the liquor licenses and the duty on snuff and tobacco. Dr. Peterson having seconded the motion, it was carried unanimously. The committee consists of the Chairman, Dr. Blaney, the Hon'ble Mr. Budrooden, Mr. Geary, Mr. Javerlal, the Hon'ble Mr. Telang, Mr. Nowrojee Furdoonjee, Dr. Peterson, and Mr. Sayani.

THE Marine Court of Inquiry respecting the stranding of the P. and O. Co.'s s.s. Chusan off the island of Perim in the Red Sea was opened yesterday in Bombay. Mr. Little conducted the inquiry on behalf of Government; Captain Wyatt and the P. and O. Company were represented by Mr. Smith. Captain Wyatt, the commander of the vessel, attributed the steamer going ashore to the want of a light on the eastern extremity of the island. He said those on board were unable to distinguish the sand from the water by reason of waves being crested with foam from a moderate gale that was blowing at the time. The Chusan went aground nearly her whole length on a bottom of sand mixed with broken dead coral, and was got off without the slightest injury. He urged that on the north-eastern point of Perim an additional light should be placed with coloured bisectors indicating the dangers on either side. The evidence was practically completed when the court rose.

THE following is the summary of the Bombay Presidency Season Reports for the week just ended:—"Rabi harvest commenced in parts of Ahmednuggur, Sholapur, Belgaum, and Kaladgi. Standing crops slightly injured by mildew in several talukas of Nasik, and by frost and small insects in parts of Poona, and cotton and tobacco in parts of Hyderabad by frost; cotton blighted in parts of three talukas of Dharwar and one of Belgaum. Scarcity of fodder and drinking water continues in parts of the Southern Maratha Country districts. Cholera in parts of five districts, small-pox and cattle-disease in parts of ten, and fever in parts of fourteen districts.

THE proposed new furlough rules, which most military officers wot of, and are anxious about, are still, the Allahabad paper is informed, with the India Office, but the India Office, so far, has made no sign. The same may be said of the reorganisation of the Commissariat Department. The proposal contemplates a Commissary-General-in-Chief, a local Commissary-General each for Bombay and Madras, and the reduction of one of the Commissariat circles in Bengal. This proposal also is with the India Office. But there is this difference in the two cases, that whereas the acceptance of the Commissariat scheme is only a matter of time, the acceptance of the Furlough scheme is one of considerable doubt.

SUCH conflicting recommendations have reached Government from the local military and civil authorities as to the best situation for the cantonment in the Thal Chotiali District that they have asked the Commander-in-Chief to depute Colonel Sankey, R.E., Deputy Quartermaster-General, to go there, and after a careful examination of the country to report on the best distribution of the troops for covering the Sind-Peshin Railway. As soon as the matter is definitely settled in the light of Colonel Sanford's report, the fortified post, the plans and estimates for which have already been approved and sanctioned, will be at once put in hand, and the troops, who are meanwhile still under canvas, will, it may be hoped, be got under comfortable shelter before next winter. Colonel Sanford will also examine and report on the alternative routes from Dera Ghazi Khan to Peshin in view to the final location of a military road along that line to cover the railway, the construction of which has already been sanctioned by the Secretary of State.

WITH regard to the arrest of Mr. McPhun, at Louisville, Kentucky, and his subsequent release owing to some technical flaw in the proceedings of the Calcutta police officer sent in quest of him, the *Pioneer* says:—"The rumour in Calcutta is that more people are interested in compassing Mr. McPhun's freedom than in securing his detention. But this must be a libel."

THROUGH the courtesy of the Port Officer, we were able to announce the other day that the intermediate lightship in the Hooghly had been burnt, and that no light was now exhibited. The vessel occupied a position at the mouth of the river 26 miles below Sangor. The destruction of the vessel involved a loss of over a lakh of rupees. The crew had to abandon the ship for fear of the magazine exploding.

A FATAL boating accident has occurred on the Hooghly. Seven Calcutta gentlemen were rowing back from the Empress of India Mills after a cricket match, when the boat fouled a buoy and was capsized. They held on to the buoy until a dinghee came to their assistance. Five got into the dinghee, but the latter and the boat drifting on to the rudder chains of the flat Lahore, all were again thrown into the water. One of the company named Jenkinson was swept under the paddle-wheel and drowned, as was also a Babu who was on board the dinghee. The rest were saved. Mr. Jenkinson's body has not been recovered. The accident was owing to a very strong tide running.

THAT provision in the Tenancy Bill which caused most alarm to the zemindars—that the maximum limit of rent should not exceed one-fifth of the produce valued on the food crops—has, it is stated, been withdrawn by the Bengal Government. It may be hoped that now a satisfactory basis of settlement is possible.

A HARBOUR scheme has been proposed for Pondicherry by an eminent French engineer, M. Bobin, of Paris, which is estimated to cost 18,000,000 francs (Rs. 87,37,864), upon which sum M. Bobin asks the French Government for a guarantee of 5½ per cent. Baron Reinach, the Paris banker, undertakes to supply the money immediately the negotiations between M. Bobin and the Government are completed. The Baron has just subscribed 5,000 francs (Rs. 2,422) towards the Pondicherry "Inundation Fund," for the relief of the sufferers by the late floods.

THE residents of Darjeeling have testified their appreciation of the geniality and hospitality of Lady Ulick Browne, who has so long resided amongst them, and who has done so much good and charitable work, by subscribing Rs. 3,530, with which sum they have requested her ladyship, at a public meeting, to procure a testimonial of her own choice bearing the following inscription:—"Presented to Lady Ulick Browne by her many friends on her leaving Darjeeling, India, for England in February, 1885, as a slight token of the esteem in which she was held, and in recognition of the many kindly acts she performed for the welfare of the station and district."

MILITARY NEWS.

COLONEL C. A. MCMAHON, of the Madras Staff Corps, but who for years has been employed in the Punjab, succeeds to his allowances on the 4th February, and will be 55 years of age on the 23rd of next month. He served for some years in the 39th Madras Native Infantry, joining the Staff Corps on its formation in 1861.

BRIGADE-SURGEON W. P. PARTRIDGE retires from the service from to-morrow.

THE services of Surgeon R. J. Baker, M. B., have been placed at the disposal of Government for employment in the Civil Department, and the services of Surgeon Milne have been replaced at the disposal of the Government of India.

DURING the absence of Surgeon-Major Turnbull, Surgeon M. A. T. Collie officiates as secretary to the Surgeon-General.

LIEUTENANT-COLONEL W. CLEATHER, who lately refused the command of his regiment, the old 47th, at Quetta, completes his five years as Inspector of Gymnasia at Aldershot on the 12th February. His name is still retained in the Army List as senior lieutenant-colonel of the Loyal North Lancashire Regiment, the object of which is not apparent, as he cannot now serve with either battalion, as Lieutenant-Colonels Bevan and Berkeley, his juniors, have both been appointed to command battalions. The position of Lieutenant-Colonel Cleather is a peculiar one, for he has not held a staff appointment for five years as a lieutenant-colonel, having been a major for some of the time, nor can he complete six years as a regimental lieutenant-colonel, for on completion of his staff service it cannot be supposed he will be allowed to remain in the rolls of the regiment without doing duty, and duty he cannot do as he is senior lieutenant-colonel. He will only be 48 next August; if he should be granted an extension of his appointment for 18 months there would then be no difficulty.

MAJOR-GENERAL W. G. CAMERON, C.B., whose appointment to the Honkong command is announced by telegraph, entered the army in 1844, in the 42nd Foot. He served in the Grenadier Guards during the Eastern campaign of 1854, including the battle of Alma and siege of Sebastopol as Assistant Engineer right attack; was severely wounded on the 20th October while in command of the Volunteer Sharpshooters of the 1st Division (Medal with two Clasps, Knight of the Legion of Honour, 5th Class of the Medjidie, and Turkish Medal); commanded the 3rd Regiment German Legion, with commission of Lieutenant-Colonel, from May 1855 to November 1856, out of which time seven months in Turkey; commanded the 1st Battalion 4th King's Own Regiment throughout the Abyssinian campaign and was present at the action of Arogee and capture of Magdala, being mentioned in Lord Napier's despatches as having "won his admiration by the manner in which he has commanded his excellent regiment, and the soldierlike spirit which by his teaching and example he has so well fostered and maintained."

THE COMMANDER-IN-CHIEF ON TOUR.

THE following General Order by His Excellency the Commander-in-Chief has been issued from Head-quarters:—

His Excellency the Commander-in-Chief, accompanied by the Quarter-master-General, the Military Secretary, and Lieutenant the Honble A. S. Hardinge, Aide-de-Camp, will leave Poona for Bombay on the night of the 11th February, and start on his annual tour of inspection to the Sind and Quetta districts, embarking at Bombay on board the steamship Canning on the 12th February. His Excellency will proceed to Quetta *vid* Kurrachee, Jacobabad, and the Bolan Pass.

All official letters and telegrams of an urgent nature for His Excellency and the Military Secretary should, after the 12th February, be addressed to "The Commander-in-Chief's Camp" (without the addition of any post town), and other general correspondence which may not be urgent should be addressed to "The Officer in charge Commander-in-Chief's Office, Poona," during His Excellency's absence.

The Postal and Telegraph authorities will be fully instructed by wire regarding His Excellency's movements.

By Order of His Excellency the Commander-in-Chief,
ARTHUR LYTTELTON-ANNESLEY, Brigr.-Genl.,
Adjutant-General.

Jeejeebhoy, Raghunath Narayen Khote, Tribhowandas Mungaldas Nathoobhoy, Tribhowandas Varjeevandas, K. N. Kabrajee, and Vandravandas Purshotumdas.

ACKNOWLEDGMENT OF A VOTE OF THANKS.

A letter to the chairman from Col. G. F. Beville, Commandant, Marine Battalion, acknowledging, on behalf of himself and the officers of that regiment, the vote of thanks passed to them by the Corporation for the services of the regimental band on the occasion of the laying of the corner-stone of the new Municipal Offices and Hall was recorded.

THE BOMBAY GOVERNMENT AND LOCAL SELF-GOVERNMENT.

The Corporation next proceeded to consider the letter from the Under-Secretary to Government, dated the 9th January last, to the Chairman, on the subject of the extension of local self-government in this city. The letter has already appeared in these columns.

Dr. Blaney said that it being not convenient to discuss the matter completely at their meeting in its present stage, it was very desirable that the subject should be referred to the Committee which had formerly reported on it. It appeared that the Bombay Government understood the Resolution of the Government of India, dated 10th October, 1881, in a way different to that understood by the Corporation. It would appear from the letter that the Government were desirous of shortening the process of the arrangements which should be made with reference to relieving the Corporation of the charge for policing over the liquor licenses, which amounted to Rs. 1,46,000 a year, and the duty on tobacco and snuff, which amounted to Rs. 1,43,000. If the Government wished these sources of revenue to go in round numbers to Rs. 2,90,000, to be made over to them, in exchange for the police charge, which was estimated to cost three lakhs, the Corporation might agree to such an arrangement, but for his part he would not be a party to it. The chief reason why he would not recommend the Corporation to relinquish these two sources of income was that the city was expanding, its trade and wealth were increasing, and in progress of time these revenues must also increase. If the Corporation resolved not to surrender these revenues, then he would recommend that they pay to the Government about one-third of the police charges. With these remarks, Dr. Blaney proposed that the following gentlemen be appointed a committee to consider and report on Government letter, dated 9th January, 1885, on the extension of the existing local self-government in this city:—The Chairman, Dr. T. Blaney, the Hon. Mr. Budroodeen, Mr. Grattan Geary, Mr. Javerlal Umisshankar, the Hon. K. T. Telang, Mr. Nowrojee Furdoonjee, Dr. Peterson, and Mr. Sayani.

Dr. Peterson seconded the motion, saying it was very desirable that the question should go to the sub-committee with some light for their guidance as to the feeling of the Corporation on the subject. It appeared to him that one of the first duties of the Corporation was to admit its shortcomings in the matter of the procrastination which the Government had complained of in their letter, at least for such part of the delay as the Corporation were responsible for. Coming to the merits of the question, a very short experience of public life had taught him that Governments—he was not at all speaking of the Government of Bombay—had an inveterate tendency, when difficulties spring up in the course of any negociation, to assume that the cause of those difficulties was entirely owing to misconceptions in the minds of the other party. But in the present instance, as far as he could judge, the misconceptions most certainly did not exist in the minds of the Corporation. Government contended that the Corporation ought not to go one side of the invitation addressed to them to consider what arrangements should be made in view of the proposed relief from police expenditure. But Dr. Peterson said that coming to the Resolution of the Government of India, he found that their view was that the Government of Bombay should go over all heads of provincial expenditure, and having carefully considered each one of them, see which could be handed over to the Municipality. The transfer of expenditure which formed the main theme of the Government of India's Resolution was a transfer of both the expenditure and the receipts. Now, as matters stood, the Corporation paid the police expenditure, but had no control over it. This was undesirable in the view of the Government of India, and they therefore invited the local Government to relieve them of the police charges and substitute an equal burden, that is, some more appropriate educational, sanitary, or other burdens. The Bombay Government were difficulties about including this educational expenditure in the arrangement. As to that, the speaker thought, the Corporation might very respectfully, but very firmly, call the attention of the Government to the fact that these educational charges were expressly mentioned in the letter of the Government of India to which both parties had appealed. If charges could be found which would equal the three lakhs of police expenditure, to his mind it would be the best way out of the difficulty. But if that could not be done, then he hoped the sub-committee and the Corporation would endorse his contention that from the first word to the last of any despatch or Resolution of the Government of India on this subject, there was not the slightest hint that the Municipality should give up revenue, and an increasing revenue, such as they now enjoyed. Such a proposal, if made, would be entirely inconsistent with the general tenour of the Government of India's despatch. (Hear, hear.) If the remedy he had pointed out could not be applied, then he entirely agreed with Dr. Blaney that they should go on paying the three lakhs of rupees annually. In conclusion, the speaker expressed his strong dissent from the doctrine that the Municipality should be chary of taking over the control of institutions in this city. What he intended to say was that if the transfer was to be as Lord Ripon desired it to be, that is, if it was to be an instrument of political education, it was of vital importance that the citizens should have the management of every local institution in this city. He would take over the hospitals to-morrow. He believed the city was competent to manage them. He would take over, in fact, everything the Government would give them. (Applause.)

At the suggestion of Dr. Peterson, Dr. Blaney added the following to his motion:—"That in the view of this Corporation, the question of discovering 'some more appropriate, educational, or sanitary, or other burdens' in lieu of the police charges is in the despatch of the Government of India intimately connected with the question of transferring the control of expenditure of a specially local character together with receipts sufficient to meet it, and that in the view of this Corporation the proposal that the Corporation should hand over to Government growing sources of revenue is inconsistent with that despatch."

Mr. Tribhowandas M. Nathoobhoy supported the proposition, which, being put to the vote, was carried unanimously.

THE ANNUAL ADMINISTRATION REPORT.

Dr. Cowasjee Hormusjee moved the adoption of the Annual Administration Report of the Municipal Commissioner for the year 1883-84, together with the review thereof by the Town Council. Dr. Cowasjee had no doubt that the Municipality had passed the report with very great interest. But Dr. Cowasjee had a grievance. Somebody had been pleased to spell his name in the report as "Kavasjee" (Laughter.) Nobody had a right to change the spelling which he had adopted ever so long since.

Dr. Blaney remarked it seemed to him that the chief feature of the report was the bad condition of the public health. He was very sorry to see the mortality during the past year, as shown in the report.

The report was subsequently adopted and recorded.

UNWHOLESOME FLOUR.

Mr. Kabrajee, in accordance with a notice given by him, moved "That the Municipal Commissioner be requested to draw the attention of the Acting Health Officer to the danger to public health arising from the corn-grinding and wool-cleaning industries being carried on under one roof in some of the small factories in Bombay, and to request that officer to adopt legal measures with the view to prevent alleged poisoning and adulteration in the factories of a portion of the public food supply of the city." Mr. Kabrajee said his task was rendered very easy by the report of the Factory Commission issued the other day. He was glad to say that out of the seven members of the Commission, five were members of the Corporation. He knew that his proposition affected a new and rising industry, but he did not think that the industry should be carried on so as to injure the health of poor people. The speaker was of opinion that the Act empowered the Municipal Commissioner to check an evil of this kind.

Dr. Cowasjee said that on grounds of public health he would second the proposition.

The Municipal Commissioner said he hoped the Corporation would not put him in the position of having to decline to do what they wished him to do. The law would not allow him to do anything in the matter, and the solicitors were of the same opinion.

Mr. Jehangeer B. Murzban said it appeared to him that the proposal was out of order, especially after what had fallen from the Municipal Commissioner, who having taken legal advice in the matter was in a position to say that the law did not empower him to do anything. If they thought they should ask the Legislature to give them the necessary power, let a proposition to that effect be brought forward at a future meeting.

The Chairman, while holding that in his opinion the proposition was not out of order, fully agreed with Mr. Murzban that by passing it they should be putting themselves in an awkward position. If the law was unable to do anything as it now stood, they must ask, as indeed they had already asked, for further legislation in the matter.

Mr. Kabrajee hereupon, with the consent of the meeting, withdrew his motion.

The Corporation then adjourned.

FOR NERVOUS DEBILITY,
NEURALGIA,
AND OTHER
DISEASES OF THE NERVOUS SYSTEM,
H. & T. KIRBY & CO.'S
RIGINAL PHOSPHORUS PILLS
ARE THE BEST REMEDIES.

THE Restorative power of Phosphorus is MOST REMARKABLE Cures are effected by the following Preparations in cases which have resisted all other medicines. In these forms Phosphorus is as harmless as Quinine, while its effects on the verous system are far more beneficial.

SIMPLE PHOSPHORUS PILL, No. 1.
This Pill affords considerable relief when the system is jaded and worn by unusual strain or temporary nervous exhaustion. In cases of despondency and grief its EXHILARATING and ENERGIZING effect is most marked.

PHOSPHORUS AND QUININE PILL, No. 3.
This is a valuable Restorative. It acts as a nutrient to the entire nervous system, giving POWER TO THE BRAIN and spinal cord, and to the functions presided over by them. It gives tone to the DIGESTIVE ORGANS, and improves the condition of the whole body.

PHOSPHORUS AND NUX-VOMICA, No. 6.
This Pill is especially useful in Atonic Dyspepsia and Lowness of Spirits arising from overwork. It is a useful STIMULANT also in cases of functional impotence in prematurely aged and debilitated subjects and to remedy the effects of excesses.

PHOSPHORUS, IRON AND CANTHARIDE No. 30.
This Pill is especially useful in Chronic Urethra Discharges in Atony or Paralysis of the Bladder and in the same cases for which PHOSPHORUS AND NUX-VOMICA PILL No. 6 are found useful.

COMPOUND PHOSPHORUS PILL,
Composed of Phosphorus, Iron, Quinine and Nux-vomica.
This is an invaluable remedy for nervous diseases characterized by DEBILITY, POVERTY OF BLOOD, and LOSS OF NERVE POWER. It cures NEURALGIA, LOWNESS OF SPIRITS, and other manifestations of Nervous Exhaustion, very rapidly. Brain-workers, Clergymen, Professional and BUSY COMMERCIAL MEN, who are habitually overworked, derive great benefit from a course of this combination of tonics For INVALESCENTS FROM FEVERS and other exhausting diseases, this is a powerful RESTORATIVE.

CAUTION.—Messrs. H. & T. KIRBY & Co. Ld., have to caution the Medical Profession and the Public against SEVERAL IMITATIONS of their well-known preparations. Some of these are made with POWDERED PHOSPHORUS, and are EXCEEDINGLY DANGEROUS, while others are perfectly INERT. Every bottle of Kirby's genuine Pills bears the Trade Mark and Signature of their Firm.

AGENTS.—Messrs. TREACHER & Co., Bombay and Poona; Messrs. COOPER, MADON & Co., Bombay; Messrs. SMITH STANISTREET & Co., Calcutta; Messrs. LYELL & Co., Allahabad.
